

Buffalo Black Powder Cartridge Match

This Match is to be shot at, 200, 100, and 50yds.

Any black powder cartridge or muzzleloader with cast bullets, any caliber maybe used.

Black powder or black powder substitutes only, no smokeless powder.

Cross-sticks and shooting mats recommend no shooting gloves.

There is no time limit.

Course of Fire.

Ten shots in the prone position at 200yds on a standard 200yd high power target.

Ten shots in the sitting position at 100yds on a 100yd Buffalo target.

Ten shots in the off-hand position at 50yds on a 100yd Buffalo target.

Sighters

You will have a sight-in target in all three positions.

At 200yds you will use a separate standard 200yd high power target for a sight-in target.

At 100yds you will use a 50yd pistol target for sight-in.

At 50yds you will use a 25yd pistol target for sight-in.

You may go back and forth from your sight-in target to you scoring target as many times as needed.

Scoring

We will use the face value of each target and a total of each position to determine the winner.
